ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 2488

APRIL 18, 2008

I. DESCRIPTION OF REQUEST

On February 29, 2008, ExxonMobil Gas & Power Marketing Company, a division of Exxon Mobil Corporation, Inc. (ExxonMobil) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import up to 73 billion cubic feet (Bcf) of natural gas from Canada. The applicant requests the authorization be granted for a two-year term beginning on May 15, 2008.² ExxonMobil is a New Jersey corporation with its principal place of business in Houston, Texas.

II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ExxonMobil to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redesignation Order No. 00-002.04C (January 30, 2007).

²/ Exxon Mobil's blanket authorization to import natural gas from Canada granted in DOE/FE Order No. 2212 on May 22, 2006, extends through May 14, 2008 (2 FE ¶ 71,275)

A. ExxonMobil is authorized to import up to 73 Bcf of natural gas from Canada pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on May 15, 2008, and extending through May 14, 2010.

B. This natural gas may be imported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports authorized by this Order, ExxonMobil shall file a report with the Office of Natural Gas Regulatory Activities within 30 days following the last day of each calendar month indicating whether imports of natural gas have been made.
