ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS FROM AND TO  
CANADA AND MEXICO, AND TO IMPORT LIQUEFIED  
NATURAL GAS FROM VARIOUS INTERNATIONAL SOURCES

DOE/FE ORDER NO. 2503

JUNE 12, 2008

## I. DESCRIPTION OF REQUEST

On June 3, 2008, Solaro Energy Marketing Corporation (SEMC) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import and export natural gas from and to Canada and Mexico, and to import liquefied natural gas (LNG) from various international sources, up to a combined total of the equivalent of 1,000 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on the date the Order is issued. SEMC is a Delaware corporation with its principal place of business in Houston, Texas.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by SEMC to import and export natural gas from and to Canada and Mexico, nations with which a free trade agreement is in effect, and to import LNG from various international sources meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
