ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS FROM CANADA,  
AND VACATING PRIOR AUTHORIZATIONS

DOE/FE ORDER NO. 2600

DECEMBER 24, 2008

## I. DESCRIPTION OF REQUEST

On December 16, 2008, TransCanada Power Marketing Ltd. (TransCanada) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import up to 100 billion cubic feet (Bcf) of natural gas from Canada. The applicant requests the authorization be granted for a two-year term beginning on January 1, 2009. TransCanada is a Delaware corporation with its principal place of business in Calgary, Alberta. Also, due to a corporate reorganization, TransCanada Corporation has asked DOE to vacate current Canadian natural gas import authorizations previously issued to Ocean State Power and Ocean State Power II; such orders shall be vacated upon the effective date of this order.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by TransCanada to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
