Monthly Reporting Requirement For Natural Gas And Liquefied Natural Gas  
Import/Export Authorization Holders**

FE Docket No. 08-01-PO

RECEIVED

FEB 01 2008

DOE/OFE/NGR

DOE/FE ORDER NO. 2464

**I. BACKGROUND**

FE is delegated the authority to regulate natural gas and LNG imports and exports under section 3 of the Natural Gas Act (15 U.S.C. 717b).<sup>1</sup> In order to carry out its delegated responsibility, FE requires those persons authorized to import or export natural gas and LNG to file reports containing basic information about the scope and nature of the import or export activity. FE has been collecting the import and export transaction information on a monthly and quarterly basis. That information is used to monitor North American natural gas trade, which in turn enables the Federal government to perform market and regulatory analyses, to improve the capability of industry and government to respond to any future energy-related supply problems, and to inform the general public regarding the international natural gas trade. Additionally, the data collected enables FE to ensure that importers and exporters are in compliance with the terms and conditions of their authorizations.

---

<sup>1</sup> This authority is delegated to the Assistant Secretary of FE pursuant to Redelegation Order No. 00.002.04C (January 30, 2007).

DOE has undertaken a Natural Gas Data Collection Initiative to improve the way it gathers and disseminates information about the U.S. natural gas trade. As a result of this initiative, FE continues to seek ways to improve and streamline its reporting process. As part of that effort, the submission of quarterly reports will no longer be required, and monthly reports will be amended to include the information and details previously collected on the quarterly reports. Monthly reports must still be filed within 30 days following the end of each calendar month indicating whether or not imports and/or exports have been made and reporting the details of all import and /or export transactions. This Procedural Order amends existing import and export authorizations listed in Appendix A to reflect such revisions. This Procedural Order also clarifies how those reports shall be filed with DOE. This monthly reporting requirement will also be made a condition in all future natural gas and LNG import and export authorizations. Requiring the submission of import and export data on a monthly basis only will improve the accuracy, timeliness, and publication of the data collected, and will simplify the obligation and reduce the burden on authorization holders who are now required to provide two different data reports on two different reporting schedules.

## **II. COMMENTS**

On August 10, 2006, DOE's Energy Information Administration (EIA) published a notice in the *Federal Register* (71 FR 45800) soliciting comments on the proposed extension of Form FE-746R, "The Natural Gas Import and Export Authorization Application and Monthly Reports.", which included the elimination of the associated

quarterly reporting requirement. Three parties filed timely comments and one party filed a late comment. The three timely parties supported the changes discussed above. In addition, these parties made suggestions for modifying the reports. The suggested changes were to: (1) eliminate the requirement to report end-user data, and (2) eliminate the requirement to report special price clauses. DOE had already considered and elected to make those changes prior to the suggestions submitted in the comments. One of the commenters suggested that FE require the volumes to be reported in Million British Thermal Units (MMBtu) rather than Thousand Cubic Feet (Mcf) to be consistent with the way the prices for those volumes are being reported. DOE disagreed with this suggestion, because, among other reasons, volumetric reporting of transactions in Mcf is a standard measure within the U.S. government and the natural gas industry. The late commenter expressed concern about confidentiality issues and stated that monthly pricing information should be delayed for three months and aggregated to preserve confidentiality. All reports become public information once the reports are filed with FE. However, DOE will continue to publish the data on a quarterly basis and not increase the frequency of the publication of the data.

On January 29, 2007, EIA published a notice in the *Federal Register* (72 FR 3997) indicating the submission to the Office of Management and Budget (OMB) of the final Form FE-746R for review and a three-year extension under section 3507(h)(1) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and requesting comments by February 28, 2007. No comments were received. On May 18, 2007, OMB approved the collection of natural gas and LNG import and export data pursuant to Form FE-746R until May 31, 2010.

### **III. ORDER**

In accordance with DOE's Natural Gas Data Collection Initiative and pursuant to section 3 of the Natural Gas Act, it is hereby ordered that:

1. The quarterly reporting requirement in all natural gas and LNG import and export authorizations listed in Appendix A attached to this Order is eliminated as of January 1, 2008.

2. The monthly reporting requirement in all natural gas and LNG import and export authorizations listed in Appendix A attached to this Order, including how those reports shall be filed with DOE, is amended as follows:

All authorized importers and exporters shall file a report with the Office of Natural Gas Regulatory Activities within 30 days following the last day of each calendar month indicating whether imports and/or exports have been made. Monthly reports shall be filed whether or not initial deliveries have begun. If imports and/or exports have not occurred, a report of "no activity" for that month must be filed. If imports and/or exports have occurred, the report must give the following details:

- (A) For natural gas imports and/or exports, the report shall include:
  - (1) for imports, the country of origin,
  - (2) for exports, the country of destination,
  - (3) the point(s) of entry or exit,
  - (4) the volume in thousand cubic feet (Mcf),
  - (5) the average purchase price of gas per million British thermal units (MMBtu) at the international border,
  - (6) the name of the supplier(s),
  - (7) the name of the U.S. transporter(s),
  - (8) the estimated or actual duration of the supply agreement(s), and
  - (9) for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s));
- (B) For LNG imports by vessel, the report must include:
  - (1) the name of the U.S. receiving terminal,

- (2) the name of the LNG tanker,
  - (3) the date of arrival at the U.S. receiving terminal,
  - (4) the country of origin,
  - (5) the name of the supplier/seller,
  - (6) the volume in Mcf,
  - (7) the landed price per MMBtu at the point of import,
  - (8) the duration of the supply agreement (indicate spot purchases),
  - (9) the name(s) of the purchaser(s), and
  - (10) the geographic market served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s));
- (C) For LNG exports by vessel, the report must include:
- (1) the name of the U.S. export terminal,
  - (2) the name of the LNG tanker,
  - (3) the date of departure from the U.S. export terminal,
  - (4) the country of destination,
  - (5) the name of the supplier/seller,
  - (6) the volume in Mcf,
  - (7) the delivered price per MMBtu,
  - (8) the duration of the supply agreement (indicate spot sales), and
  - (9) the name(s) of the purchaser(s); and
- (D) For LNG imports and/or exports by truck, the report must include:
- (1) the name of the U.S. receiving or departure facility,
  - (2) the country of origin or destination,
  - (3) the point(s) of entry or exit,
  - (4) the name(s) of the supplier(s)/seller(s),
  - (5) the name(s) of the LNG transporter(s),
  - (6) the volume in Mcf,
  - (7) for imports, the landed price and for exports, the delivered price per MMBtu at the point of entry or exit,
  - (8) the duration of the supply agreement,
  - (9) for imports, the geographic market served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

The first monthly report for the reporting period January 1, 2008, through January 31, 2008, required by this Procedural Order shall be filed no later than February 29, 2008. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Natural Gas Regulatory Activities, P.O. Box 44375, Washington, D.C. 20026-4375 Attention: Ms. Yvonne Caudillo. Alternatively, reports may be e-mailed to Ms. Caudillo at [yvonne.caudillo@hq.doe.gov](mailto:yvonne.caudillo@hq.doe.gov) or [ngreports@hq.doe.gov](mailto:ngreports@hq.doe.gov), or may be faxed to Ms. Caudillo at (202) 585-6050.

Issued in Washington, D.C., on February 1, 2008.
