ORDER GRANTING BLANKET AUTHORIZATION TO  
EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2620

MARCH 12, 2009

## I. DESCRIPTION OF REQUEST

On February 19, 2009, Mexicana de Cobre, S.A. de C.V. (Mexicana) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to export up to 17.52 billion cubic feet (Bcf) of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on April 27, 2009.<sup>2</sup> Mexicana is a Mexican corporation with its principal place of business in Benito Juarez, Distrito Federal, Mexico.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Mexicana to export natural gas to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
