ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA AND MEXICO

DOE/FE ORDER NO. 2631

APRIL 17, 2009

## I. DESCRIPTION OF REQUEST

On April 3, 2009, CIMA ENERGY, LTD. (CIMA) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import and export up to a combined total of 36 billion cubic feet (Bcf) of natural gas from and to Canada and Mexico. The applicant requests the authorization be granted for a two-year term beginning on June 22, 2009.<sup>2</sup> CIMA is a Texas corporation with its principal place of business in Houston, Texas.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by CIMA to import and export natural gas from and to Canada and Mexico, nations with which free trade agreements are in effect, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
