ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO MEXICO

DOE/FE ORDER NO. 2691

AUGUST 27, 2009

I. DESCRIPTION OF REQUEST

On August 19, 2009, Sempra LNG International, LLC (Sempra) filed an application with the Office of Fossil Energy (FE) of the Department of Energy, under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import and export up to a combined total of 800 billion cubic feet (Bcf) of natural gas from and to Mexico. The applicant requests the authorization be granted for a two-year term beginning on October 1, 2009. Sempra is a Delaware corporation with its principal place of business in San Diego, California.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Sempra to import and export natural gas from and to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criteria and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redefinition Order No. 00.002.04D (November 6, 2007).

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, Sempra shall file a report with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month indicating whether imports and/or exports of natural gas have been made. Monthly reports shall be filed whether or not initial deliveries have begun. If imports and/or exports have not occurred, a report of “no activity” for that month must be filed. [OMB No.: 1901-0294]
