ORDER GRANTING BLANKET AUTHORIZATION TO
EXPORT NATURAL GAS TO CANADA

DOE/FE ORDER NO. 2744

JANUARY 21, 2010

I. DESCRIPTION OF REQUEST

On January 7, 2010, Michigan Consolidated Gas Company (MCGC) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to export up to 30 billion cubic feet (Bcf) of natural gas to Canada. The applicant requests the authorization be granted for a two-year term beginning on May 1, 2010.² MCGC is a Michigan corporation with its principal place of business in Detroit, Michigan.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by MCGC to export natural gas to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redesignation Order No. 00-002.04D (November 6, 2007).

²/ MCGC was granted blanket authorization to export natural gas to Canada in DOE/FE Order No. 2465 on February 15, 2008, effective May 1, 2008, through April 30, 2010 (2 FE ¶ 71,586).

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. MCGC is authorized to export up to 30 Bcf of natural gas to Canada pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on May 1, 2010, and extending through April 30, 2012.

B. This natural gas may be exported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, MCGC shall file with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of “no activity” for that month must be filed. If exports of natural gas have occurred, the report must give the following details: (1) the country of destination; (2) the point(s) of exit; (3) the volume in thousand cubic feet (Mcf); (4) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (5) the name of the supplier(s); (6) the name of the U.S. transporter(s); and (7) the estimated or actual duration of the supply agreement(s). [OMB No.: 1901-0294]

D. The first monthly report required by this Order is due not later than June 30, 2010, and should cover the reporting period from May 1, 2010, through May 31, 2010.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Natural Gas Regulatory Activities, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Ms. Yvonne Caudillo. Alternatively, reports

may be e-mailed to Ms. Caudillo at Yvonne.caudillo@hq.doe.gov or ngreports@hq.doe.gov,
or may be faxed to Ms. Caudillo at (202) 586-6050.

Issued in Washington, D.C., on January 21, 2010.

A handwritten signature in blue ink, appearing to read "John A. Anderson". The signature is fluid and cursive, with a horizontal line drawn underneath it.
