FE DOCKET NO. 10-45-LNG

ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT LIQUEFIED NATURAL GAS FROM  
VARIOUS INTERNATIONAL SOURCES

DOE/FE ORDER NO. 2786

MAY 12, 2010

## I. DESCRIPTION OF REQUEST

On April 27, 2010, Eni USA Gas Marketing LLC (Eni USA) filed an application with the Office of Fossil Energy (FE) of the Department of Energy under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import liquefied natural gas (LNG) by vessel up to the equivalent of 400 billion cubic feet (Bcf) of natural gas from various international sources. The applicant requests the authorization be granted for a two-year term beginning on the date this Order is issued. Eni USA is a Delaware limited liability company with its principal place of business in Houston, Texas.

## II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Eni USA to import LNG from various international sources meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
