ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO MEXICO

DOE/FE ORDER NO. 2810

JULY 13, 2010

I. DESCRIPTION OF REQUEST

On June 28, 2010, Imperial Irrigation District (Imperial) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import and export up to a total of 26.5 billion cubic feet (Bcf) of natural gas from and to Mexico. The applicant requests the authorization be granted for a two-year term beginning on the date the Order is issued. Imperial is a public entity organized under the laws of California with its principal place of business in Imperial, California.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Imperial to import and export natural gas from and to Mexico, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹/ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for FE pursuant to Redesignation Order No. 00-002.04D (November 6, 2007).

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Imperial is authorized to import and export up to a combined total of 26.5 Bcf of natural gas from and to Mexico, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on July 13, 2010, and extending through July 12, 2012.

B. This natural gas may be imported and exported at any point on the border between the United States and Mexico.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, Imperial shall file with the Office of Natural Gas Regulatory Activities, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports and/or exports have been made, a report of “no activity” for that month must be filed. If imports and/or exports of natural gas have occurred, the report must give the following details: (1) for imports, the country of origin; (2) for exports, the country of destination; (3) the point(s) of entry and exit; (4) the volume in thousand cubic feet (Mcf); (5) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (6) the name of the supplier(s); (7) the name of the U.S. transporter(s); (8) the estimated or actual duration of the supply agreement(s); and (9) for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)). [OMB No.: 1901-0294]

D. The first monthly report required by this Order is due not later than August 30, 2010, and should cover the reporting period from July 13, 2010, through July 31, 2010.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Natural Gas Regulatory Activities, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Ms. Yvonne Caudillo. Alternatively, reports may be e-mailed to Ms. Caudillo at Yvonne.caudillo@hq.doe.gov or ngreports@hq.doe.gov, or may be faxed to Ms. Caudillo at (202) 586-6050.

Issued in Washington, D.C., on July 13, 2010.
