**RE: Long-Term Contracts
Freeport LNG Expansion, L.P. and FLNG Liquefaction, LLC ("FLEX")**

Dear Mr. Anderson:

Freeport LNG Expansion, L.P. and FLNG Liquefaction, LLC ("FLEX") have filed four applications for long-term export authorizations, namely DOE/FE Docket Nos. 10-160-LNG, 12-06-LNG, 10-161-LNG and **11-161-LNG**. In Docket Nos. 10-160-LNG and 12-06-LNG, DOE/FE issued Order Nos. 2913 and 3066, respectively. As requested in the applications, these orders conditionally authorize the export of domestic LNG to countries with which the United States has a Free Trade Agreement ("FTA") calling for the national treatment of natural gas. (The applications in Docket Nos. 10-161-LNG and 11-161-LNG both request authorization to export domestic LNG to non-FTA countries and those applications are still awaiting a decision by DOE/FE.)

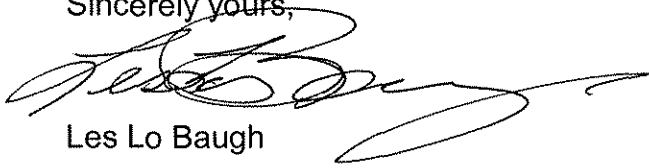

In DOE/FE Order Nos. 2913 and 3066, FLEX was directed to file under seal long-term contracts for its liquefaction export services. FLEX was also required to register with DOE/FE any customer for whom it would act as agent for LNG exports. FLNG Liquefaction executed a long term contract with Chubu Electric Power Co, Inc., Osaka Gas Co., Ltd. and BP Energy Company ("Customers"). Therefore, in full compliance with DOE Order Nos. 2913 and 3066, FLEX filed with DOE/FE both a copy of that long-term contract under seal and the required registration for the Customers.

Recently DOE/FE has requested that FLEX also file with DOE/FE: (1) a form containing certain summary information from the long-contract; or (2) in lieu of filing the summary form, a redacted version of the long-term contract. In compliance with that directive from
