OFFICE OF THE GOVERNOR

March 9, 2012

Larine Moore
U.S. Department of Energy (FE-34)
Office of Natural Gas Regulatory Activities, Office of Fossil Energy
Forrestal Building, Room 3E-012
1000 Independence Avenue SW
Washington, DC 20585

Dear Ms. Moore:

I am pleased to issue this letter of support for Sempra Energy's application for an expansion of their Cameron LNG facility.

Sempra Energy's investment in their Cameron LNG facility is part of the Louisiana economic success story and this expansion will continue that trend. Sempra's initial investment in the Cameron LNG facility produced hundreds of construction jobs and tremendous, positive economic development for our State. This expansion will represent nearly three billion dollars in further private investment in our State, and the jobs and benefits will be of great importance to Louisiana families.

As Governor, I am very proud of Louisiana's role in the energy security of our country and our role in the world economy. We will continue to encourage and work with companies like Sempra who believe in the people and resources of our State.

Please accept this letter as my office's strong support for the approval of Sempra Energy's application.

Sincerely,

Bobby Jindal
Governor, State of Louisiana
