## I. DESCRIPTION OF REQUEST

On August 31, 2011, EDF Trading North America, LLC (EDF Trading) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import and export natural gas from and to Canada and Mexico, to import liquefied natural gas (LNG) from Canada and Mexico by truck, to export LNG to Canada and Mexico by vessel and truck, and to import LNG from various international sources by vessel, up to a combined total of the equivalent of 1,200 billion cubic feet (Bcf) of natural gas. The applicant requests the authorization be granted for a two-year term beginning on October 5, 2011.<sup>2</sup> EDF Trading is a Texas limited liability company with its principal place of business in Houston, Texas.

Additionally, on August 18, 2011, EDF Trading was granted authorization in DOE/FE Order No. 3000 (Order 3000) to import and export natural gas from and to Canada and Mexico, to import liquefied natural gas (LNG) from Canada and Mexico by truck, to export LNG to Canada and Mexico by vessel and truck, and to import LNG from various international sources by vessel, up to a combined total of the equivalent of 100 Bcf of natural gas for a two year term beginning on October 5, 2011. <sup>2</sup> / EDF Trading's blanket authorization to import and export natural gas from and to Canada and Mexico, to export LNG to Canada and Mexico, to import LNG from Canada and Mexico, and to import LNG from various international sources granted in DOE/FE Order No. 3000 on August 18, 2011, extends through October 4, 2013.

on the date the new authorization is issued since the proposed authorization will supersede its current blanket authorization.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including LNG, from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by EDF Trading to import and export natural gas from and to Canada and Mexico, to import LNG from Canada and Mexico by truck, to export LNG to Canada and Mexico by vessel and truck, and to import LNG from various international sources by vessel, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.
