Subject: FW: FE Docket 12-184-LNG: Sierra Club Motion to Intervene Out of Time
Date: Friday, May 10, 2013 10:28:09 AM
Importance: High

Dear Mr. Matthews,

This email is notification that in Pangea LNG (North America) Holdings, LLC - FE Docket No. 12-184-LNG:

(1) Sierra Club's Motion to Intervene, Protest, and Comments, were submitted to DOE/FE by email at FERGAS@hq.doe.gov on April 29, 2013, at 4:31 pm eastern time;

(2) The exhibits to Sierra Club's Motion to Intervene, Protest, and Comments were submitted to DOE/FE by package delivery on April 30, 2013; and

(3) Sierra Club's Motion to Have Late-Filed Exhibits Considered was submitted to DOE/FE by email at FERGAS@hq.doe.gov on May 6, 2013, at 12:36 pm eastern time (see below).

Upon consideration, Sierra Club's Motion to Intervene, Protest, and Comments will not be considered late-filed. Sierra Club submitted this filing only one minute out-of-time and, assuming all parties were properly served, we cannot identify any material prejudice to any party in this proceeding if we accept the filing as timely under these circumstances. Therefore, in the absence of countervailing information, we find good cause to consider that the Motion to Intervene, Protest, and Comments were filed on the April 29, 2013 due date. Pursuant to sections 590.303(e) and 590.304(f) of DOE's regulations (10 C.F.R. 590.303(e) and 10 C.F.R. 590.304(f), respectively), answers are due fifteen days after Sierra Club's pleading was filed, i.e. on May 14, 2013.

Because the exhibits to Sierra Club's Motion to Intervene, Protest, and Comments were submitted to DOE/FE on April 30, 2013, DOE/FE finds that filing to have been submitted out-of-time.

Yet inasmuch as Sierra Club has filed a Motion to Have Late-Filed Exhibits Considered, we will defer ruling on the admission of the late-filed exhibits until such time as we review the Motion and any forthcoming answers responding to the Motion. Pursuant to section 590.302(b) of DOE's regulations (10 C.F.R. 590.302(b)), answers to the Motion to Have Late-Filed Exhibits Considered will be due fifteen days from the date that the Motion was filed, i.e. on May 21, 2013.
