Ms. Moore and Mr. Talbert,

I have lived in Coos County all of my life, nearly 60 years, and subsequently I have seen the great times and unfortunately am witnessing the bad times. For the past 40 years we here on the South Coast of Oregon have watched the decline in our economic base, the timber and fishing industries.

Due to the decline in an industrial base we have seen our local governments and small business struggle. We have watched our children and grand children leave for colleges in our state and around the country and not return due to a lack of well paying jobs that would provide them with resources necessary to raise there own families.

The Jordan Cove project is the kind of project that we, on the South Coast of Oregon, all of the Pacific Northwest and other parts of the United States of America, need and desire.

For these reasons, we ask that you approve Jordan Cove Energy Partners, L.P.'s application to export LNG to non-Free Trade Agreement countries.

With deepest sincerity,

Larry A. Reiber, CPA
Scoville & Reiber, PC
