PARTNERS, L.P.)

FE DOCKET NO. 94-07-NG

ORDER VACATING LONG-TERM AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 929-C

On March 28, 1994, the Office of Fossil Energy (FE) of the Department of Energy (DOE) granted long-term authorization to Brooklyn Navy Yard Cogeneration Partners, L.P. (BNYCP) in DOE/FE Order No. 929 (Order 929) (1 FE ¶70,946), to import up to 10,000 MMBtu per day of Canadian natural gas from Crestar Energy and 15,000 MMBtu per day of Canadian natural gas from PanCanadian Petroleum Limited under two long-term gas purchase contracts dated October 21, 1993, and October 20, 1993, respectively, plus an additional 508 MMBtu per day of natural gas for transportation and line loss. On March 20, 1995, DOE/FE issued an amendment to Order 929 in Order No. 929-A (Order 929-A) (1 FE ¶71,093), which authorized BNYCP to extend the authorization for an additional five years to a total import term

of 20 years. On February 13, 1997, DOE/FE issued an amendment to Order 929 in Order No. 929-B (Order 929-B) (1 FE ¶70,368), which revised the gas pricing and other miscellaneous provisions contained in both contracts. On October 31, 2013, BNYCP notified DOE/FE that, effective November 1, 2013, it would no longer be importing natural gas from Canada, and thus no longer needs these authorizations.

Accordingly, pursuant to section 3 of the Natural Gas Act, BNYCP's authorizations granted in Orders 929, 929-A, and 929-B are hereby vacated, effective November 1, 2013.

Issued in Washington, D.C., on December 12, 2013.
