Subject: NO EXPORT TERMINALS!!!
Date: Saturday, January 26, 2013 7:38:44 PM

The politicians are telling us “we’ll be energy independent” with all the natural gas the US has. Really now? We’re not going to be if we export it all! Shell, a foreign company, is destroying Pennsylvania so they can make money exporting our gas. They are actively destroying Tioga County PA all in the name of profit.

NO EXPORT TERMINALS!!!
