Subject: "2012 LNG Export Study"

Comment:

Completely unfettered U.S. exports may enrich a few LNG exporters in the short term, but real, sustained and broad-based growth in the U.S. economy will come from a balanced approach that considers the needs of American manufacturers and consumers, and ensures that natural gas can be exported without undermining this emerging sunrise for American manufacturing and all the supporting industries and services. Our nation must not squander this opportunity.
