Betty Geigla, retired Veteran, Billings, Montana

I would like to voice my support for Senator Murkowski's letter of January 25, 2013 in support of the report "Macroeconomic Impacts of Increased LNG Exports from the United States."

As, Senator Murkowski state, I also urge the Department to move forward with its review of the pending LNG export license application. The NERA report affirms the establish economic theory when barriers to trade are removed, net economic benefits will be realized. I firmly support this statement.
