Subject: Comment Extension Request
Attachments: LNG Ext Request - DOE 012313.doc

Mr. Myers,

As we discussed by phone, I here submit a request for a three day extension for the comment period for DOE's request for comment on the LNG Export Study (77 CFR 29894). I have cc'ed the electronic reporting email provided in the federal register notice, and will submit our request to the DOE docket room via courier.

Regards,
Charles Johnson

RE: Comment Period Extension Request - 2012 LNG Export Study 77 Fed. Reg. 29894

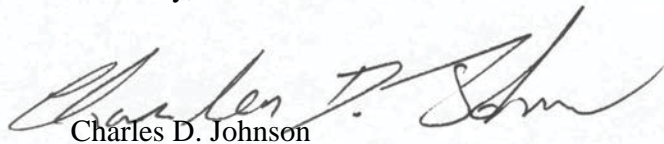

Dear Sir or Madam,

The Aluminum Association and its members are currently engaged in developing comments in response to the Department of Energy's request for input regarding the LNG Export Study 77 Fed. Reg. 29894. The Aluminum Association, Inc. (the Association) is the trade association for U.S. producers of primary aluminum, recyclers, and semi-fabricated aluminum products. Member companies operate more than 200 plants in 35 states.

Due to evolving understanding of LNG exports among our member companies, The Association requests an extension on the comment period of three business days (to 5:00PM EST, Tuesday, January 29th), in order to come to consensus and provide DOE with the best input that the Aluminum industry can offer.

Thank you for your time and consideration in addressing this issue. Please contact my office (703-358-2981 or Cjohnson@aluminum.org) with questions or for further information.

Sincerely,

Charles D. Johnson
VP, EH&S
